For Immediate Release

### Pend Oreille County Library District (WA) adopts Patron Point®

Dublin, OH - February 10, 2023 - Patron Point announced today that Pend Oreille Library District in Newport, Washington (<https://poold.org/>), has adopted our patron engagement platform to support its mission to connect their communities with opportunities to enrich their lives through empowerment, lifelong learning, and recreation.

Pend Oreille Library District serves a population of over 13,000 residents with a collection containing over 44,000 print and electronic materials, circulating over 111,000 items annually throughout its four branches. Pend d'Oreille is also unofficially the name of the valley between Nelway and Waneta. The name literally means "earloop" or "hangs from ears" in French and was given by voyageurs after members of the Kalispel Tribe who wore dangling shells or bone earrings.

POCLD offers many events and services to its patrons, including grab-and-go crafts, a chess club, art clubs for various ages, a walking club, storytimes, dungeons and dragons club, and so much more!
